# The RiskBites<sup>®</sup> Club

Have you ever felt overwhelmed by the amount of work needed to make risk management practical and embedded in your firm?

Don't have the time to attend lengthy courses on risk management?

Don't want theoretical courses which don't tell you how to make it work in practice?

Want to belong to a club where you can attend monthly training for free and have access to a specialist risk helpline for answers on risk issues – for a small annual fee?

## Welcome to The RiskBites® Club!

Practical advice from the 'Risk expert' in your lunch break.

Membership of the RiskBites® Club is ideal for those responsible for risk in professional practices, for those working in the risk and compliance teams in professional firms and for anyone working in a professional practice who needs to have an awareness of risk issues in their day to day jobs.

A dedicated risk helpline is available to members to give practical assistance on risk issues.

The RiskBites® Club meets monthly – a 30 minute practical session focussed on real world issues, case studies and with helpful tips and 'take aways' members can use immediately, followed by a 30 minute discussion space for members to raise issues facing them in the real world.

Can't attend each month? Sessions are recorded and can be sent to members on request.

## Join the Club:

Membership of the club is free.

---

Practical, expert and relevant training and advice in your lunch break – second Tuesday of the month at 1pm.

---

## Sample topics include:

Liability caps, Fees (disputes and agreeing fees), Managing staff remotely, How to get staff to take risk management seriously, Retainer creep, Ending the retainer, Engagement letters, terms of business, Email policy and risk with emails, File reviews.

... and so much more!

---

## Access to the Helpline

Individual access to the helpline is only £250\* a year. Firm access is £400\* for up to 5 licences or £600\* for up to 10 licences.

---

\*Plus VAT.
